Welcome to **Recycling Works®Tv!** Recycling WorksTv is a positive programming television show whose mission is to inform, educate and inspire both children and adults on **How** and **Why** Recycling Works. Our goal is to change local communities mindsets and behaviors about recycling by reaching a variety of audiences. In addition, our goal is to encourage communities to manage their resources and to motivate residents on the benefits of recycling by linking households, schools and businesses together. To achieve these goals:

1. We produce and air two local television shows on the benefits of recycling through Recycling WorksTv (adult audience) and Teens RecycleTv (younger audience).
2. We sponsor an educational game called Recyclopolo® which teaches the values of recycling in a fun and exciting way.
3. We support the **“Zero Waste Initiative”** introduced by Senator Donzella James, GA State District #35.
4. We promote the Recycling Works **“Hula Hooping For Green”** Campaign at www.indiegogo.com/teensrecycletv with our very own Recycling Works Superheroes **“Jessie & Green Eyes,”** - who prevents the wasteful behavior of humans before they litter or throw recyclables in the trash.

Recycling WorksTv is rapidly growing an audience throughout the United States. Recycling WorksTv and Teens RecycleTv Shows are 30-minute episodes that discuss and highlight interviews with guests, schools, residents and businesses about recycling. The Recycling WorksTv Show interviews are structured so that they may report the current innovations, trends and struggles within the environmental world to their viewers. Recycling WorksTv is TV where you can watch and learn while having fun!

Recycling WorksTv is celebrating the completion of its first full season - 14 episodes. Currently, the show reaches a potential audience of one million households in the Metro-Atlanta viewing area. The shows can be viewed on Comcast, Charter TV, AT&T UVerse and on the www.youtube.com/recyclingworkstv internet channel.
